11:00 – 11:20 am	Break

11:20 am – 12:35 pm	<p>Panel The Right Tool for the Job: Traditional Standards, Open Source, and Hybridization</p> <p>Having heard how industry stakeholders are using traditional standards and open source, how does the broader standards development community satisfy industry requirements? For example, some standards developing organizations have already hybridized their work and are working effectively within both the traditional and open source environments. Panelists from these organizations will share their experiences with “hybridization” alongside perspectives from those who are working in a purely open source environment.</p> <p><i>3 panelists, 15 minutes each followed by a 30-minute interactive Q&A session</i></p> <p>Panelists:</p> <ul style="list-style-type: none"> ▪ Ted Hardie, Internet Engineering Task Force (IETF) ▪ Scott McGrath, Chief Operating Officer, OASIS ▪ Wendy Seltzer, Policy Counsel and Domain Lead, Technology and Society, W3C <p>Moderator:</p> <ul style="list-style-type: none"> ▪ Scott Peterson, Patent Attorney, Google
12:35 – 1:35 pm	Networking Lunch
1:35 – 2:50 pm	<p>Panel IPR Policies and the Business of Standardization</p> <p>How have organizations’ IPR policies and business models been impacted by hybridization? Some standards developing organizations have free or low-cost membership, and charge for the end-product standards. Others charge a significant fee for membership and make the end-product standard available for free.</p> <p><i>3 panelists, 15 minutes each followed by a 30-minute interactive Q&A session</i></p> <p>Panelists:</p> <ul style="list-style-type: none"> ▪ Michael Atlass, Senior Legal Counsel, Qualcomm Incorporated ▪ Karen Copenhaver, Partner, Choate Hall & Stewart LLP ▪ Michael Richmond, Executive Director, Open Connectivity Forum (OCF) <p>Moderator:</p> <ul style="list-style-type: none"> ▪ Andy Updegrove, Gesmer Updegrove LLP
